## Do You Want to Know

### What You Swallow?

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only aid to the well-earned reputation of his medicines, Dr. E. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, who by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities, of all the several endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated, anti-bilious granules. They regulate and invigorate stomach, liver and bowels. Do not "loose the pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

**\$50,000 GIVEN AWAY.** In copies of Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$50 per copy. Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this bounty? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stuff paper covers, or 3 stamps for cloth-bound. Address Dr. E. V. Pierce, Buffalo, N. Y.

## UNHAPPINESS DISPELL'D.

### Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Hairdye has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Hairdye is a new preparation, made after a new formula, on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 5c in stamps for sample to The Hairdye Co., Detroit, Mich.

## To Remove Freckles and Pimples in Ten Days.

NADINOLA is a new discovery, sold under a positive guarantee and money refunded in every case where it fails to remove freckles, pimples, liver-spots, sun-tan, sallowness, blackheads, collar discoloration and all eruptions of the skin, no matter of how long standing. Cures ordinary cases in 10 days, and the worst in 15 to 20 days. After these defects are removed the skin will be clear, healthy and beautiful. No possible harm can result from its use. As regards our reputation and ability to comply with our agreements, we refer to the Commercial Bank and Bank of Italy, Paris, Tenn., or any county official. Ask your druggist for NADINOLA, if he hasn't it, send us a 50-cent money order and we will send you a 50-cent package of NADINOLA by mail. If it fails to do all we claim for it, return it and we will promptly return your money. Address NATIONAL TOILET CO., Paris, Tenn.

## Southern Baptist Convention.

The Southern Baptist Convention met in Chattanooga, Tenn., yesterday for its fifty-fourth annual session. About 5,000 delegates and visitors are present. The convention was called to order by the president, Dr. W. Stephens, of Columbia, Mo.

The tone of President Stephens' annual address was highly gratifying. He declared that the past year had been the greatest in the history of the Baptist Church and that the prospects of the denomination were never so bright. The convention, he said, comprised Baptists from 14 southern States, covering an area of a million square miles, with a population over 30,000,000, of whom 2,000,000 are Baptists. When the convention was organized, in 1847, the population was 8,000,000 and denomination was 250,000.

The contributions to foreign missions during the 61 years have been over \$4,250,000, and to home missions over \$3,250,000. There are now 187 missionaries in the employ of the foreign board, over 700 in the employ of the home board and about 2,000 engaged in the State, district and city mission work.

There are in the South, the president said, 103 institutions under the control of white Baptists. Of them 52 are universities and colleges and 51 academies and institutions. Twenty-nine are endowed in the total sum of \$3,036,918. The total value of buildings and grounds and equipment is \$6,660,448. Over 1,000 teachers and about 20,000 students attend these institutions.

Rev. Dr. Willingham read the report of the Board of Foreign Missions. The report stated that the churches have contributed more than ever before, the aggregate of the gifts being \$315,248, a gain of \$283,415 last year and \$247,629 the year before. A few years ago only a very limited number of our churches gave per annum the salary of a missionary (\$500 or \$600). Now it is common for churches to give that much, and a number of them contribute \$1,000 or \$1,200—the salary of a man and his wife.

## Railroad Accidents.

On Concord Hill, a steep grade, six miles east of Lynchburg, on the Norfolk and Western Railway, at 4 o'clock yesterday morning during a dense fog the second section of eastbound freight train No. 92 ran into the first section, which was being assisted over the grade by two pusher engines. Two of the engines were derailed, one being thrown 50 feet down an embankment, and four cars of coal and one of lumber telescoped and crushed into kindling. Two engineers and two firemen were killed, and four others of the train crew injured. The accident occurred on the worst grade on the Norfolk and Western east of the Blue Ridge, where a block telegraph station, it is said, has not been located because of the steep hill. The trains follow each other in plain view for several miles, but in this instance the train in front could not be seen on account of the fog.

A disastrous wreck on the Norfolk and Western Cannon Ball express was averted at Berkeley Junction, near Norfolk, yesterday, only by the dithering of an engine and three freight cars on the Norfolk and Southern Railroad. Seeing the rapid approach of the Cannon Ball on the track occupied by his engine and train, the Norfolk and Southern engineer dashed into a switch just at the moment the fast train sped by. The Norfolk and Southern engine and three cars went into the ditch and were wrecked. A moment later and the Cannon Ball, with its hundred or more passengers, would have been a mass of ruins. The crew of the wrecked engine jumped and saved themselves. Confusion in signals was responsible for the accident.

## Strike at a Funeral.

The abandonment of a body while the funeral was actually in progress marked a climax in the strike of the funeral drivers' union in New York yesterday. A requiem mass was being said at the Church of the Guardian Angels over the body of Charles McNabney, who died Thursday. Outside the church waited the hearse and six carriages.

In the midst of the mass a man, said to be a delegate for the striking union, came up on a run and whispered to each driver. Immediately all of them drove away. When the pallbearers emerged from the church bearing the casket, with the family and friends following behind, there was no sign of hearse or carriages. After an hour's delay Undertaker Slevin sent a wagon to the church, and in it the body was carried to Calvary. The relatives had to make the trip to the cemetery in street cars.

With at least 150 bodies awaiting burial—burial in some instances being immediately imperative—the strike for

## Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant tumor, as large as my hand, from my daughter's hip, was prevented by the application of Buckle's America salve," says A. C. higher wages and better conditions assumed a serious and sinister aspect from the start. The men quit work yesterday morning, tying up most of the undertaking establishment, and teneral cash stables. Determined not to surrender, the bosses at once appealed to the police for protection in the few cars in which they attempted to hurry bodies, and the board of health for action by the city in instances where the dead awaiting interment had been victims of infectious diseases, or where the four-day limit during which a body may be kept in a private house was about to expire.
